# MESSAGE

## FROM PRINCIPAL

The revered Dalai Lama opines, 'The creation of a more peaceful and happier society has to begin from the level of the individual, and from there it can expand to one's family, to one's neighbourhood, to one's community and so on.

"Families are like branches on a tree, we grow in different directions yet our roots remain as one. The ability to be attuned to and be aware of others is an essential element for social communication required for healthy development. Healthy family relationships can foster a feeling of love and security in all family members. It can be one of the greatest boons parents can give to their children – a nurturing and caring environment.

Kidzblitz 3.0 brings to you multifarious events aimed at promoting togetherness and strives towards strengthening Universal brotherhood. We believe that a positive attitude, the urge to make a difference coupled with a loving and accepting mindset are powerful tools capable of transforming the young ones. I extend an affable welcome to the Head of the institution of all schools to proffer their extensive support in our venture and register a sprightly participation of their students. Let's unite and celebrate 'Our Families'.
